

Smarter Digital Evidence Management

AVaiLWEB™ is a powerful web-browser solution that makes it easy yet secure to search, play, manage, redact, and share video and data with a secure chain of custody. The media interface allows multiple related video and audio feeds to be played simultaneously. AVaiLWEB also has live video streaming allowing dispatchers and supervisors to have complete situational awareness. It also provides an automatic real-time, map-based view of location and status of all mobile operations, including vehicles, personnel, and assets. AVaiLWEB provides Geofence alerts, live tracking, traffic and weather overlays, asset overlays and Street Views.
